Opening

Dr. Reagan: Many people in the field of Bible prophecy are spending a lot of time these days talking about two rather esoteric topics, namely UFO's and the Nephilim. Is this just sensationalism, or do these topics deserve legitimate consideration? Stay tuned.

Part 1

Dr. Reagan: Greetings in the name of Jesus, our Blessed Hope, and welcome to Christ in Prophecy. My colleague, Nathan Jones, and I have one of our favorite Bible prophecy speakers in the studio with us today. He is Billy Crone, he is the pastor of Sunrise Baptist Church in Las Vegas, Nevada and founder of Get A Life! Ministries. Billy became an overnight sensation in the field of Bible prophecy when he started posting his dynamic sermons on the internet. He has been our guest several times before, and we are delighted to have him back with us again. Welcome to Christ in Prophecy, brother.

Billy Crone: Thank you, Dr. Reagan. Thank you, Nathan.

Nathan Jones: Hey, good to have you back.

Billy Crone: Good to be back.

Dr. Reagan: Billy, one of my pet peeves is the way in which people use Bible prophecy as a playground for fanatics.

Billy Crone: Yeah.

Dr. Reagan: And because of that most pastors hold Bible prophecy, I think, they just consider to be that, a playground for fanatics. And your seminary professors have written it off as just nonsense. And there are so many examples of it, the Blood Moons, the alignment of the planets, the Mayan Calendar, it goes on and on. I remember Y2K in particular. We had two of the best known people in the field of Bible prophecy trying to say the world was going to come to an end. One said, "Sell everything you got. Go to Idaho, get a bunker. Get you a machine gun. Get all the materials you can, water and so forth because it is all going to come to an end." And another, one of the best known names wrote a whole book about Y2K and how it is going to impact and result in the rise of the Antichrist. He had a list of 100 items that would be ruined on the day of Y2K; one of them being the toaster. And I thought, "My toaster doesn't care what day it is. My toaster doesn't have any concern about that." But, that was the kind of nonsense that was going on. Finally, we got so many requests that in 1998 I sat down and did a lot of research, wrote a major article about it in which I said, "It has no prophetic significance, and number two it's not going to impact society." Next year in 1999 a guy calls me from Tyler, Texas says, "I'm putting together a big conference on Y2K I want you to be one of the speakers."

Billy Crone: Yeah.

Dr. Reagan: I said, "Do you know my position?" He said, "What?" I said, "Has no prophetic significance, and it is not going to have any impact." There was a long pause. He said, "I think we'll get another speaker." Because he wanted something sensational.

Billy Crone: Something sensational, yeah.

Dr. Reagan: What is your response to that?

Billy Crone: Well, I think it is bad enough like you said, pastors don't want to teach on prophecy. Which again, I'm sorry, you're looking for an excuse, because as a pastor, I am one so I'll say this, I'm sorry you're a hireling.

Dr. Reagan: And you are putting a third of God's Word on the shelf.

Billy Crone: You are deliberately saying, "Oh, I love you as a shepherd, as a church, I love you so much I'm deliberately going to skip over one-third of this Book." I don't know how you can do that; I don't know. But again, what is unfortunate is the sensationalism just gives it yet another excuse, albeit it false, for these guys to say, "Oh, see that's why I shouldn't teach on it." That's unfortunate. It's still no excuse but it is unfortunate. You mentioned the Y2K, boy that didn't help anything. And not just for the pastors, what a witness. How many times did these guys come up with the Blood Moons and all this stuff, and the Lord is going to return here, the Rapture of the Church here, when we don't know the day nor the hour. The Scripture is so plain about that. I don't care how many math degrees you've got. I don't care how long you've been staring at that star chart. Okay, you are not going to know. I don't care how many calculators you own; nobody is going to know. But see, sure enough it comes, and it doesn't happen because you don't know.

Dr. Reagan: And then everybody scoffs.

Billy Crone: And then the lost scoffs again. And it is like the unfortunate eschatological the boy who cried wolf. It is like how many times are you Christians going to say this? Blah, blah, blah.

Dr. Reagan: We have so many who are trying to identify the Antichrist, he is under every rock. And anybody they don't like is the Antichrist.

Billy Crone: Yeah, well, that one that is another hot topic. I remember in Bible college they said, "Ronald Reagan is the Antichrist." Why? Well, Ronald Wilson Reagan, 6-6-6, if you count up the letters. It's like come on.

Nathan Jones: Well, Billy we get people all the time saying "The Bible just isn't enough. I know everything there is to know about Bible prophecy. And I need more." And we get that criticism a lot. Do we need more?

Billy Crone: Well, when somebody says that, basically you are actually discounting the Bible. The Bible says everything we need for life and godliness is right there. So, you don't need more. Everything you need is right there.

Dr. Reagan: I even had a guy one time write me and say, “Well, the problem with your ministry is it is boring because you don’t do anything sensational.” And I wrote him back and said, “I can’t think of anything more sensational than the promises that God has made about the future.”

Billy Crone: Yeah.

Nathan Jones: Oh, yeah. Just read the book of Revelation, it is not sensational enough?

Dr. Reagan: Well, Nathan hit him with the current topic.

Nathan Jones: Alright, well we have two subjects we wanted to cover here. Particularly, let’s talk about UFO’s because you’ve done a lot of research into UFO’s. And then I hear people say, “Well, Billy Crone, he is really into UFO’s and space aliens and stuff like that.” But that’s not really true, can you explain why you approach UFO’s.

Billy Crone: Well, number one that is part of my background, I was involved in the occult and New Age.

Nathan Jones: Before you were saved.

Billy Crone: Before I was saved. And then of course in New Age one of the big things is UFO’s, and the lie that is going on around that. And we did a ten-hour documentary outside of Vegas, actually outside of Area 51 which is 2 ½ hours from Vegas, so we were out there in a desert and that is where we shot the documentary. But it is called, “UFO’s the Great Last Days Deception.” And there is a lot of sensationalism going on, but there is a lot of deception going on with that topic. I think it is a topic that we the Church do need to get equipped on because the scripture I believe gives us the answer number one, but number two whether we realize it or not our world is enthralled with that topic. And right now, just current stats, and this is in the United States of America, more people believe, in the United States of America, in the existence of UFO’s and aliens, then they do in the existence of God.

Nathan Jones: Oh, that is tragic.

Billy Crone: And more people in the United States of America believe that aliens have visited planet earth, then Jesus is the Son of God. And they are saying that ufology, because of Hollywood, and this whole topic is promoting this and the lie of evolution, is they are saying this has become, ufology, is the new religion of the 21st Century in our own country where they believe that aliens are going to save them, not God. I mean haven’t you watched “Star Trek” or “Star Wars” it is all. So, like it, lump it, leave it or not, I like to say. We need to deal with this because our world is being is being led astray. And plus, the scripture says we are to give a defense for the hope that lies within us.

Dr. Reagan: Okay, do it from a biblical viewpoint.

Billy Crone: From a biblical perspective, number one, you know that there is something deceptive going on because the very nature and the whole premise of UFO’s is built on a lie. It is called the lie of evolution. And when these things supposedly show up they say, “We’re aliens a higher evolved race.” Stop right there. Evolved? Wait a second. Evolved, evolution, evolution is not true. We have a 42 week study called, “The Witness of Creation” if you want to go down deep on exposing the lies of evolution. We came from God. We didn’t come from the goo, to the zoo, to me and you, we came from God. Right? But the whole premise, their whole identity when they supposedly show up the scene is a lie. Now, go back to the Scripture, John chapter 8

what does Jesus say, "Satan is not only a murderer, and he's been one since the beginning, he's a liar, and he's the father of all lies." So, that tells you right out of the gate you are being deceptive. The other thing too, is they say, "Well, we are here to give you these incredible messages, and supposedly we've come all the way across the universe to give you this important information." And when you look at what they are "quote" sharing, it's all debunking Jesus, the Bible, and God and salvation. They say there is no such thing as sin. They say that we need to combine into a one-world religion, a one-world government. I kid you not. And we need to follow a one-world ruler, or we are going to be destroyed. They say that we need to worship mother earth. They say, listen, I'm not joking, they actually have the audacity to say that Satan is a good guy who has actually come to free us. Now, excuse me, that is demonic, that is a deception, that is a lie. Then they say, in order to get these messages, you have to let us take over your vocal cords, right, and speak through you, these messages. Whoa, whoa, whoa, stop right there. You are supposed to be this higher evolved, technologically advanced race, much more scientific than us, that's how you got here. Wink, wink. Right? And then, but you can't communicate to me through, how about just sending me a text message? Or call me on the phone.

Nathan Jones: To possess somebody.

Billy Crone: I'll even take an old handwritten letter. Why do you have to take over my vocal cords to speak through me? Folks, that is demonic possession.

Nathan Jones: Yes.

Billy Crone: That is what demons do. And this is stacking up. The other wild thing too, is we document this, is there is one way on record that if these critters do happen to show up--which I believe most of the peoples reports honestly, got a lot of friends in the military, especially with some of our documentaries and our contacts, most of the things people see, I am firmly convinced is experimental aircraft from governments from around the world. And or it is just your hopeful wishes, you want it to be an alien. No, it's not it is something that is atmospheric, or it is just a blinky light from an airplane you just want it to be. But I think the bulk of it is explained by natural experiences. But I think there is an element, that, no, we need to take a look at what is going on there. But back there when these things come in, or around, or whatever, there is one way, and these are from secular ufologists, so you can't say, "Well, you Christians always are going to blame everything on the Devil." Secular guys are saying that there is one way to get rid of them 100% of the time, listen, it is when you command them in the name of Jesus Christ to flee, they flee instantly. One lady I actually interviewed from Oregon that had this encounter, she said when she did that they not only fled out of there, they fled out of there so fast they were tripping over each other. You know take it for what it is. But I'm going, wait a second, that's--who flees in the name of Jesus? That's a demon. And it wasn't the name of Mohammed, or Buddha, or the Great confused one Confucius. It's just the name of Jesus. Now come on. Now, where is it leading? That's why we entitled it "UFO's the Great Last Days Deceptions." It is leading to the last day deception. In order to fall for the lie of UFO's you have to first fall for the lie of evolution. So, this tells you how slowly, methodically the enemy has been setting up the planet for this one. Started back in the 1850's with Charles Darwin, and now it has permeated the planet with evolution. Number two with the help of Hollywood they are glamorizing aliens and UFO's, and everybody knows that there are aliens and all that stuff. And you're a wacko for not believing in this stuff, and it is leading to somewhere. And I remember this back when I was, before I was saved, in New Age, and I had these so-called channeled messages from these space aliens.

Right? It is all demonic. And they are actually, and we quote them, they are actually preparing the way to explain away the Rapture of the Church.

Nathan Jones: Yeah.

Billy Crone: Now, think of about that Dr. Reagan. The Rapture of the Church is true. The Bible talks about that. But put yourself, if you will, in the enemy's shoes, here is an event that around the globe there are going to be millions of people disappearing all over the planet instantaneously, and specifically only Christians. Man, you can't spin that baby.

Nathan Jones: No.

Billy Crone: Right? You can't hide that thing. So, you better come up with some good excuse. Think about how slowly, methodically the enemy has prepared the lie. It is from evolution 1850, Hollywood now. You tell me all somebody has to do is get up on the world scene, maybe somebody even like the Pope to try to reassure people. "Hey, people I just want you to know. You are right. The government has been hiding this truth from you. UFO's, aliens are real. And see, that's why those people disappeared, it was the aliens they beamed them up to their ships."

Nathan Jones: Isn't that the central tenant though of the New Age, that when Maitreya returns, after Christians have been taken off this planet, so that humanity can evolve to their true states?

Billy Crone: And that is the other lie. It is not only a very convenient, and dare I say, think about how much UFO's have permeated the mindset of people, they are going to fall for that lie lickety-split, number one. Number two the backhand of that is they also already saying, "For those of you who are left behind, don't worry. Ha, ha, ha." They actually turn the left behind, as Jesus said the seven year Tribulation, the worse time in the history of mankind, they say, "No, it is a blessing. You are a chosen one. And now you get to be a part of the age of utopia as we now rebuild the planet in this wonderful time of peace." Which is kind of crazy because the events that start the seven-year Tribulation, the Antichrist, Daniel 9:27, Revelation 6:1, the white horse rider, it starts in a false peace. And so, people go, "This is true, look, he made a deal in the Middle East that nobody could do. It's amazing. And we've got peace on the planet. Everybody has come together, religions, government. It's amazing. It's wonderful." No, you just found yourself left behind in the seven-year Tribulation. And it wasn't UFO's that sucked those people up. That was Jesus Christ coming back to get His Bride.

Nathan Jones: Some people tend to believe that they Antichrist might claim that he is an alien. I don't know where they get that, but?

Billy Crone: Well, sure you've got some people who say the Antichrist is a Muslim. Well, it's like what Bible are you reading on that one?

Nathan Jones: Yeah.

Billy Crone: So, but, yeah it is unfortunate, but again I think it is a topic you've got to be careful because people sensationalize it, and it leads people astray. But, I think it warrants our attention, stick with the Bible. I'm convinced the Bible, believe it, or not, even gives us a great opportunity to witness to the lost. They are enthralled with UFO's and aliens, and to me it is a fantastic way to share the Gospel with them.

Dr. Reagan: Well, I very much appreciate your insight on this. Because I think you are right on target that it is preparing people for the Rapture.

Nathan Jones: Yeah.

Dr. Reagan: And a great explanation because there are going to be all kinds of explanations, but that certainly going to be one that I think the public will be willing to accept.

Billy Crone: Oh, yeah. Yeah. Especially in a time of crisis. I mean a time of crisis especially on that scale, we are going to gravitate, human nature is to gravitate toward any lame excuse just to maintain sanity. And this isn't a lame excuse. This one is ripe for the world to fall for.

Part 2

Nathan Jones: Welcome back to Christ in Prophecy and our interview with Bible prophecy expert, Billy Crone. Alright, Billy you beautifully covered UFO's let's talk about the second sensationalist topic, Nephilim.

Billy Crone: Aha.

Nathan Jones: Tell us about them.

Billy Crone: Is that really in the Bible?

Nathan Jones: I'm pretty sure back in Genesis.

Billy Crone: Yeah.

Dr. Reagan: Start off by just what are we talking about here?

Nathan Jones: Yeah, what are Nephilim?

Billy Crone: Well, what a concept let's read the Bible.

Dr. Reagan: That sounds good to me, let's go.

Nathan Jones: Teach us about the Nephilim.

Billy Crone: Genesis 6 says this, "When men began to increase in number on the earth and daughters were born to them, the sons of God," which the take would be angels, obviously fallen angels, "saw that the daughters of men were beautiful, they married any of them they chose. And then the Lord said, 'My spirit will not contend with men forever, for he is mortal; his days will be 120 years.' And the Nephilim," so, there it is, it is a biblical word, "were on the earth in those days and also afterward, when the sons of God," again fallen angels, "went to the daughters of men and had children by them. And they were heroes of old and men of renown." So, guess what? Keep reading. There's punishment for what went on. "The LORD saw how great man's wickedness on the earth had become, and that every inclination of the thoughts of his heart was only evil all the time. And the LORD was grieved that he had made man on the earth, and his heart was filled with pain. So the LORD said, 'I will wipe mankind, whom I have created, from the face of the earth, men and animals, and creatures that move along the ground, and birds of the air, for I am grieved that I have made them.' But Noah found favor in the eyes of the LORD." So, in the Genesis account, prior to the Flood, God's time when He,

before He the first time He judged the whole planet there were some weird things going on. And certainly, there was general wickedness, but there was also another kind of wickedness going on with the sons of God, and again I would say fallen angels.

Nathan Jones: Yeah, that was a term for angels back in the time, sons of God. You say Nephilim, my interpretation says giants. Are we talking about people that are, how tall are we talking about?

Billy Crone: Well, here comes your sensationalism. I've heard people say, and how can you prove that, these were 30-50 feet tall. No, I think you are going a little bit into mythology on that aspect for your proof. But, the word there in the Hebrew does mean literally giant, giant or fallen ones, and things of that nature.

Nathan Jones: So, 9, 10, 11 feet tall, maybe?

Billy Crone: Yeah, pretty big. And certainly, to the point where it is abnormal. You know some people want to say, "Well, this is just a, it's not a fallen angel because that is too creepy to try to picture that kind of intermingling." This is just from the line of Seth. Well, Seth was just a human, and since when do human with humans produce something abnormal like this?

Nathan Jones: Yeah.

Billy Crone: So, it is something unnatural is going on. Plus, I think it adds to the severity of the judgment of the Flood. Right?

Nathan Jones: Well, when we read that Jesus says that angels are not married or given in marriage, would indicate that they don't reproduce, and they are sexless. So, how can angels then marry women? Were they possessing people, men, and therefore their offspring are giants?

Billy Crone: Well, that is the one aspect of the argument. Now, first of all, they say angels in heaven, well, these I would say are fallen angels.

Nathan Jones: Fallen angels, definitely.

Billy Crone: So, there is that aspect too. Plus, in the Hebrew often times is translated married, but doesn't necessarily mean that. Basically, took these women and things of that nature, so does that really mean that they went through a marriage ceremony.

Nathan Jones: Well, marriage is a word that really is for sex, right, is what they are saying.

Billy Crone: Well when you get married you procreate and things of that nature.

Nathan Jones: Yeah, the two words are the same in the Bible.

Billy Crone: But to me it adds to the severity of the judgment. Because you think about it, I mean, the next judgement coming is the seven-year Tribulation, and that is going to be bad. And Jesus did say it is going to be the worse time in the history of mankind. But the seven-year Tribulation the planet is going to be completely ravaged by God's wrath for seven years non-stop. You got the Flood. Right, the Flood, the whole planet is wiped out, except for Noah, eight people and the animals that God brought to the Ark. And man, that is serious, why are you wiping out the whole planet and hitting a restart button? You know. Something was going on there.

Dr. Reagan: Well, let me ask you something that is directly related to that. It seems to me that God did the Flood because the people had become so unrighteous, and probably also to destroy these Nephilim.

Billy Crone: Absolutely.

Dr. Reagan: And yet, I turn over to Numbers chapter 13, in verse 33 and when they sent the spies into the land they come back and say, "We saw Nephilim, the sons of Anak are part of the Nephilim, and we became like grasshoppers in their sight." What are they doing back on earth?

Billy Crone: Well, I take a different approach. Some people would say that it was a second time that these fallen angels went and did this deed. And I'm going, this is my opinion, I don't really buy that.

Dr. Reagan: I don't either.

Billy Crone: And that is because of a couple other passages of scripture that tell us that this was so wicked that God gave them a special punishment. And that punishment is--

Dr. Reagan: Put them in a special place.

Billy Crone: --they are bound. Right there and this is 2 Peter 2, "For if God did not spare the angels when they sinned."

Dr. Reagan: That's right.

Billy Crone: And I believe it is talking about this Genesis account. "But sent them to Hell, or Tartara, putting them into gloomy dungeons to be held for judgment."

Dr. Reagan: Yes.

Billy Crone: Right. So, that is where they are at. And then you also see this in Jude. Jude 6 says, "And the angels," I would say again fallen angels, "who did not keep their positions of authority, but abandoned their own home, these He," God, "has kept in darkness, bound with everlasting chains for judgment on the great day."

Dr. Reagan: So, were they just using this term then to refer to large people, tall people, something?

Billy Crone: Yeah, two things. Most people, or at least what I would take from that I don't believe that there is a second time that this happened because God locked them up, the ones that did that.

Nathan Jones: Yeah.

Billy Crone: There are still demons we have to deal with on the planet, spiritual warfare, we know that. But these that were guilty of this, God says, "Boy that's it, man, you're going down. And you are stuck in these dungeons and you're not getting out."

Nathan Jones: So, we are talking genetic giants during David's time?

Billy Crone: Well, and here's the other aspect, and we bring this out in our 42 week study on Creation versus Evolution.

Nathan Jones: Forty-two?

Billy Crone: Who's counting? I am. But we have 12 studies we did called, "In the Days of Noah" and I went down deep on this.

Nathan Jones: Fantastic.

Billy Crone: And there was--and I'm convinced based on the evidence and biblical evidence, and certainly the archeological evidence that there was a second thing that caused giantism in the pre-Flood days. And that was the pre-Flood atmosphere that we know originally had double the air pressure, increased oxygen content, and you got basically like greenhouse effect. And some of the experiments today when they replicate that it produces giantism. And so, I think, that very well it could be that Noah and his family, not involved with the Nephilim aspect, but their survivors of being in that atmosphere where everything got big. Now, the Nephilim I think were abnormally large. And so, my point is so then after they got off the Ark, and of course repopulated the planet, you still have some of that giantism in the DNA genetic pool of Adam and his family, and so that explains. But it also explains over time why it basically kind of petered out.

Dr. Reagan: Okay, let's get very quickly to the more important topic now here. Why are people talking about this in reference to the end times?

Nathan Jones: Yeah, I'm not seeing Nephilim running around at all.

Billy Crone: Well, you know, again, I think it is a misconception of that this is happening again, from a fallen angel perspective. But again, I would disagree with that. But, also some people actually take this topic and go on a major detour, they would say that it is aliens that are doing this the second time.

Dr. Reagan: Oh.

Billy Crone: And we just dealt with the topic on UFO's and that stuff. Why did you even bring that element? First of all, those were fallen angels back when it happened that time.

Nathan Jones: Or transhumanism, right, that we are genetically trying to create super humans?

Billy Crone: Well, and there is that aspect, but again, is that because of fallen angels? You know there might be a disconnect there. But, my point is, you don't need to go there. And I really think that people, and this has been my experience Dr. Reagan, some people would approach these topics, and I think you do need to give a defense on UFO's and Nephilim because the scripture gives us the answer. And like the case of the Nephilim the scripture does talk about that, so we need to deal with that. But, I really find that the average Joe today, that really goes and just gets locked into this, they don't read the rest of the Bible. And they read the Bible for sensationalism and that becomes their spirituality. It's like, no there is way more than that, now, we do need to deal with it. But, it is all you can see, you got to get beyond that there is so much more. But, let me go back to the pre-Flood world. Not only am I convinced that Noah and his family might very well have been bigger. But this is also what we find in the fossil record, which is the left over remains of the Flood. We find everything was big, right? Again, not the same thing as the giants.

Nathan Jones: They were living almost 1,000 years; they had more time to grow.

Billy Crone: They have that, but you also find in the fossil record, this explains why living in that pre-Flood atmosphere that could produce giantism, we find beetles in that fossil record that were as big as baseball gloves.

Nathan Jones: Oh, or sloths the size of elephants.

Billy Crone: Yes, that size. And you also find cockroaches two-feet long. Grasshoppers two-feet long.

Dr. Reagan: I couldn't handle that.

Nathan Jones: You would need bigger feet to step on them.

Billy Crone: Oh, get this one dragon flies with a five-foot wingspan. Now, imagine that thing hitting your windshield when you are going down the road.

Dr. Reagan: Splat.

Billy Crone: Yeah, but everything was bigger. Animals got bigger. People got bigger. And again, I think that was the gene pool that explains the giants afterwards, not necessarily that you had a second time that these fallen angels. And the reason why I hesitate from that conclusion is because the scripture interprets scripture, and the scripture tells me when it did happen that first time God put them guys forever in a dungeon and they ain't getting out. It ain't going to happen again.

Nathan Jones: Well, Billy do you think that Nephilim play a role in the end times? Because we get to, Jesus prophesied that it would like the days of Noah and Lot entering into the Tribulation. But that is a spiritual aspect, doesn't mean we are going to have giants running around.

Billy Crone: If you want to pare it down to just, okay, there was some kind of hybrid situation going on. There is speculation how did that happen? How do fallen angels do that and procreate, and whatever. But if you want to say it like is mankind being hybridized and stuff of that nature? If you want to look at it from a technology perspective, that is being repeated on the planet right now today with plants, animals, and people, especially with the technology with CRISPR and things, humans are being modified. Humans are being mixed with animals. There is some weird freaky stuff going on.

Nathan Jones: That's horrible.

Billy Crone: However, I don't believe that is a second time of fallen angels being done. I think that was done. It's over, forever. So, if you wanted to reduce it down to a generality that is mankind not only just wicked like it was in the days of Noah? I think we can agree on that. But is there some sort of hybridization going on with humanity? I think you could make the case for that. But again, I don't believe it is a result of a fallen angels intermingling with women again.

Dr. Reagan: Well, Billy, I really appreciate you giving us a biblical viewpoint on both of these. And as you say you've written extensively about both of them.

Billy Crone: Yeah.

Dr. Reagan: And they are available at your website. And in a few moments we are going to give you an opportunity to tell people how they can contact you, and also get these materials,

these wonderful materials that you have developed. And I just praise God for the fact that you don't traffic in this kind of stuff, but you approach it from a biblical view.

Part 3

Nathan Jones: Welcome back to Christ in Prophecy and our interview of Bible prophecy expert, Billy Crone. Billy, can you tell folks how they can get these wonderful book on all we've talked about?

Billy Crone: Yeah, you can go to our teaching website getalifemedia.com, or you can search for my name on the internet, Billy Crone, or you can download our app, again search for Billy Crone and that will unlock the studies for you.

Dr. Reagan: Well, thanks again, brother for being with us. Folks, that is our program for today, I hope it has been a blessing to you. And I hope the Lord willing that you will be back with us next week. Until then this is Dave Reagan speaking for Lamb & Lion Ministries saying, "Look up, be watchful, for our redemption is drawing near."

End of Program
